

MusIQ Club Level 2: Theory Worksheet

C Pentatonic Scale

Below you will see our familiar C Major Scale.
We are going to alter this scale that we already know,
to make a new scale we can use in our improvising and composing.

Circle the fourth and seventh notes, with their roman numerals:

Rewrite the scale, but leave out the fourth note (F) and the seventh note (B).
This is the C Pentatonic Scale!

Be a Detective! Can you find and circle the 3 C Pentatonic Scales below?
